WEEKLY PRAYER

May 19 - Called worker shortage – Lord of the Church, you have entrusted us with the responsibility of making disciples of all nations. Open our eyes to see the need for workers. Inspire young people to consider a career as a pastor, teacher, or staff minister. Provide parents with words that encourage their children to consider full-time gospel ministry. Also, move adults to consider a second-career path to ministry according to your will. Help our synod and congregations best utilize the workers with which we are blessed and move us to value them and their ministries. Use us, Lord, to share the good news of salvation in Christ Jesus with our communities. We pray this in Jesus' name. Amen.

NEWS FROM WELS

Pastoral Studies Institute - The Pastoral Studies Institute (PSI) of Wisconsin Lutheran Seminary exists to walk with kingdom-committed spiritual leaders worldwide. Through PSI, men from nontraditional backgrounds train to serve as confessional Lutheran pastors to the people of their culture. These men can remain in their home congregations while their local pastor serves as their supervising pastor and instructor for much of their theological instruction.
